

AS 47 “PASSENGER”

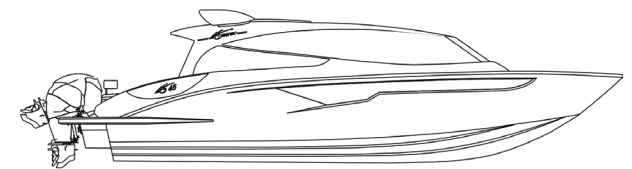

AS 47 "Passenger"

Travel Business Class on Water

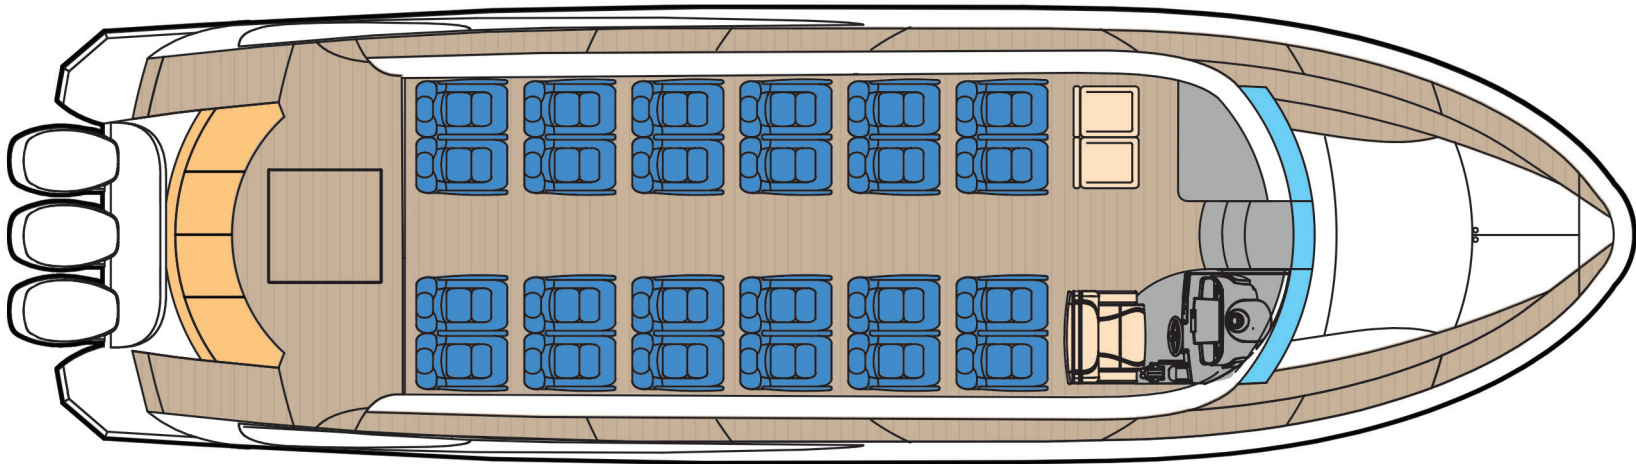

From top to bottom, the "Passenger" offers exclusive features and stunning decorative elements, beautifully designed. With different deck layout options to suit any requirements, it can accommodate up to 42 passengers, but can also be fitted with luxury seats for VIP guests.

The panoramic glass deck provides all passengers with multiple options to enjoy amazing views, making the "Passenger" extremely popular among touristic sea cruises. The yacht's design ensures smooth navigation for long-range travels with the least fuel consumption.
